A box of two chocolates may seem stingy, but not if they're from Andrew Garrison Shotts, former executive pastry chef at the Russian Tea Room. The signature bonbons in the **JEWELLED TWO-CHOCOLATE GIFT BOX** (\$3.50, *garrisonconfections.com*) each contain two flavors or textures—apple crumble has an apple fruit layer and a white-chocolate caramel ganache layer with apple pie spices—enrobed in dark or milk chocolate. Eat slowly so

each flavor unfolds. Much better than a 1-pound bag of M&Ms!
